The Official Newsletter of the Reno High School Alumni Association

THE PRESIDENT'S TWO CENTS WORTH

Attention Class of 2010! I hope you are all doing well since graduation. Thank you for being members of the Reno High Alumni Association this past year. You will soon be receiving a membership renewal notice in the mail, and I encourage you to continue your membership. Your support helps pay for scholarships, the operation of the museum, the Red and Blue school newspaper, the RE-WA-NE yearbook, the alumni web site, quarterly newsletters, and the triennial picnics. We are offering the same free membership to the Class of 2011 for one year.

We are having further problems with a leaking roof in the museum and have a contract with Kodiak roofing services to fix the problem. We are in need of donations to help defray the cost. Please notify us if you can help!

We are adding a new section to the quarterly newsletter called, "Around the RHS Campus" which will feature student accomplishments for the quarter. It is always interesting to keep track of current athletic and scholastic achievements of your almatmater.

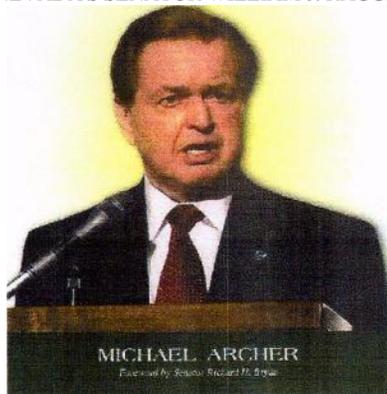

Of course the big event of the year is the All-Class Alumni Triennial Picnic that well be held on campus on August 21, 2011. I would hope all members would contact their classmates and make it a point to attend. There are several events planned as described in the enclosed article but mainly an opportunity to get reacquainted with "old" school chums. If you haven't already done so, you need to send in your reservations as soon as possible.

How many students have graduated from Reno High since 1879? The answer is found in the This & That section.

I hope everyone has a great summer.

J.D. Schnabel
President, RHSAA

THE LIFE & TIMES of
NEVADA'S SENATOR WILLIAM J. RAGGIO

A MAN OF HIS WORD

The Life and Times of Nevada's Senator William J. Raggio

This is the title of a newly published book by author Michael Archer who chronicles the amazing life of Senator Raggio, RHS Class of 1944. It is a story set against the backdrop of the continuously evolving political and social structures of Nevada. His public service began in 1952 and ended in 2011, with more than thirty-eight years as a lawmaker before he was a lawmaker, Bill was a law enforcer. As a district attorney, he fought corruption in Reno city government and police department. The book is 672 pages, fully referenced and with over 60 photos.

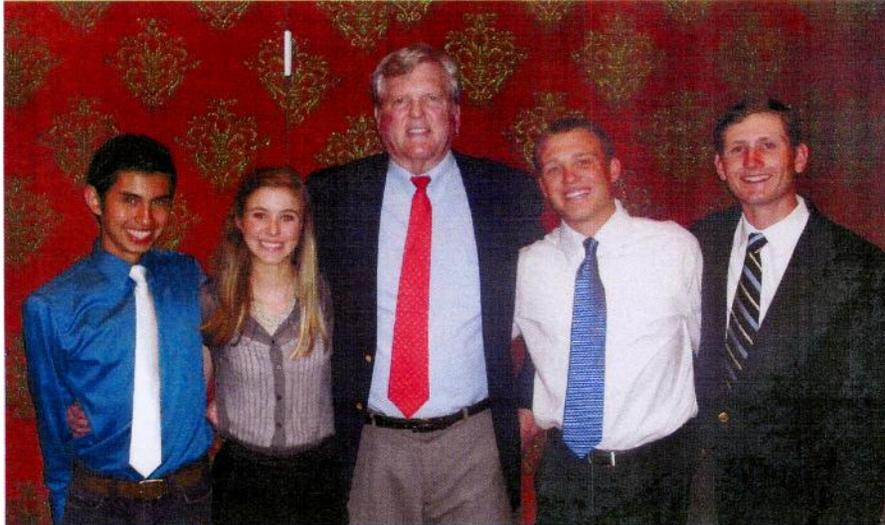

HOW DID WE GET THE "HUSKIE" AS OUR NICKNAME?

According to the Red and Blue school newspaper dated December 20, 1928, a search for a nickname for RHS's football and basketball teams was underway. They were asking for students to submit suggestions for a name that symbolizes the fighting spirit and clean sportsmanship of the school. Several suggestions included Bearbreakers, Prowlers, Eagles, Huskies, Cyclones, Cossacks, Ramblers and the Great Red Machine. The press referred to Reno football team as the "Eagles." Coach Herb Foster thought "Huskies" best represented the qualities of Reno High's athletic teams. February 22, 1929 is the first time officials from Reno High used the nickname "Huskies," when Reno played Sparks in boy's basketball. Again, the name was to show the "strength, spirit and the all-conquering power of Reno High teams. When "Huskies" was selected it made Reno High the first high school in the state to adapt a nickname. The first time "Huskies" was featured in a RE-WA-NE yearbook was 1934. Go Huskies!

Many of you will remember the "Huskie" pictured above as the logo that was featured many years ago. Well this picture, known as the "old Huskie," is becoming popular again with many students and teachers wearing this Huskie on their RHS clothing. The old Huskie is also printed on the new gym floor.

ATTENTION CLASSIC CAR OWNERS

At our past All-Alumni Picnics, we've had many classic cars displayed in the circle in front of Reno High. The classics were a very popular attraction and brought back many fond memories to our alumni and their guests.

Because many Reno High grads own restored vehicles and enjoy displaying them, we are again providing the opportunity to do so. Arnie Arzoian (Class of 1954) has volunteered to manage the class car display for this year's picnic. Stock, modified, roadsters, street rods, T-buckets, sports cars, and trucks manufactured before 1980 and in good presentable condition may be displayed.

Alumni, and friends of alumni, who wish to display their vehicles at the August 21st picnic should call Arnie at (775) 825-4114 before August 8, 2011.

TIME TO GIVE UP GOLF

Henry was an avid golfer who came home after a round of golf and said to his wife, "I'm giving up golf." "Why is that?" she replied. "At ninety-five years of age, I can no longer see where the ball goes when I hit it," he said. His wife suggested, "Why don't you take my brother, Fred, with you because even at 100 years old, he has 20-20 vision." So the next day, Henry took Fred out to the golf course. After Henry hit the ball, he didn't see where it went. He asked Fred, "Did you see where the ball went?" "Yes, I did," Fred replied. "Where did it go?" asked Henry. Fred answered, "I can't remember!"

EXERCISE

- I joined a health club last year, spent about 400 bucks. Haven't lost a pound. Apparently you have to go there.
- Every time I hear the dirty word "exercise," I wash my mouth out with chocolate.
- My grandpa started walking five miles a day when he was 60. Now he's 97 and we don't know where he is.
- The advantage of exercising every day is so when you die, they'll say, "Well, she looks good doesn't she.
- If you are going to try cross-country skiing, start with a small country.
- Walking can add minutes to your life. This enables you at 85 years old to spend an additional 5 months in a nursing home at \$7,000 per month.
- I have to walk early in the morning, before my brain figures out what I'm doing.
- We all get heavier as we get older, because there's a lot more information in our heads.... That's my story and I'm sticking to it.
